

THE TECH TOUR

CONTINUE YOUR LEARNING AFTER DESIGN DC
See Lynn Allen and Pete Southwood of Autodesk show how technology can take your designs even further.

Attend the Free Tech Tour: CMI's One-Day Learning Experience

You saw T.J. Meehan, AIA, LEED AP, and Christopher Fernandez present sessions at Design DC. See what else CADD Microsystems has to offer as they join up with Lynn Allen and Pete Southwood of Autodesk to bring you a FREE event with 11 workflow sessions on how to get more out of your design technology.

Breakfast and lunch are included, and attendees receive 5 AIA CEU for attending.

See reverse for session details.
